

JDM Dissertations, 1994-

(updated December, 1999)

To celebrate our educational efforts and the efforts of the newest members of our profession., the titles of doctoral dissertations in the JDM area are being collected on an ongoing basis. These titles will be published in the newsletter and posted here on the Society's web page. Please send information for dissertations in which you have been involved, either as writer or as faculty advisor, from 1994 to the present. See below for the type of information to send. Congratulations to all those involved in this important work! Send information to:

Stephen Edgell, Editor
Department of Psychology
University of Louisville
Louisville, KY 40292
edgell@louisville.edu

1994

Austin, Robert D. (December, 1994). Theories of measurement and dysfunction in organizations. Carnegie Mellon University. Contact advisor (Patrick D. Larkey, <pl15+@andrew.cmu.edu>) for current information.

DeKay, Michael L. (1994). How sure is sure enough? Outcome evaluations and action thresholds in binary decisions. University of Colorado, Boulder. *Dissertation Abstracts International*, 1995, **56**(2), 1148B. (#AAC 9518612). Now at Carnegie Mellon University, <dekay@andrew.cmu.edu>.

Grimbergen, E. R. W. (November, 1994). Model-based diagnosis in the ill-defined domain of beginning reading. University of Nijmegen, The Netherlands. Contact advisor (Edward van Aarle, <E.vanAarle@ped.kun.nl>) for current information.

Taylor, Kimberly A. (August, 1994). Determinants of ambiguity attitudes: Accountability, control, competence and ambiguity type. University of Pennsylvania. Now at Florida International University, <taylork@fiu.edu>.

1995

Brendl, C. Miguel W. (May, 1995). Sensitivity to varying gains and losses: The role of self-discrepancies and event framing. Now at Universitat Konstanz, Germany, <brendl@soz.psychologie.uni-konstanz.de>.

Harries, Clare. (1995). Judgement analysis of patient management: General practitioners' policies and self-insight. University of Plymouth, UK. Now at University College London, <ucjtrch@ucl.ac.uk>.

Jasper, J.D. (1995). The phased narrowing method: Validation and extension. University of Iowa. Now at University of Toronto, <jasper@phm.utoronto.ca>.

Nickles, Kathryn R. (1995). Judgment-based and reasoning-based stopping rules in decision making under uncertainty. University of Minnesota. *Dissertation Abstracts International*, **56**, 1005A (#DA9521562). Contact advisor (Shawn Curley, Univ of MN, <scurley@csom.umn.edu>) for information.

Vermande, M. M. (June,1995). Psychodiagnostics: Classification and hypothesis-generation. University of Nijmegen, The Netherlands. Contact supervisor (Eric De Bruyn, <E.deBruyn@ped.kun.nl>) for current information.

1996

Austin, Laurel C. (June, 1996). Consumer insurance decisions: An empirical analysis of four real-world decisions. Carnegie Mellon University. Contact advisor (Baruch Fischhoff, <baruch@cmu.edu>) for current information.

Huneke, Mary. (1996). Using choice heuristics to examine consideration set formation. University of Iowa. Contact advisor (Irwin Levin, U of Iowa, <irwin-levin@uiowa.edu>) for current information.

Kadous, Kathryn. (1996). Juror decision-making in professional liability cases: A model and tests in the audit litigation setting. University of Illinois at Urbana-Champaign, *Dissertation Abstracts International*, **57-08**, 3568A. Now at Rutgers University, <kkadous@andromeda.rutgers.edu>.

Meloy, Margaret Grace. (1996). The role of positive affect in the pre-decisional distortion of product information. Cornell University. *Dissertation Abstracts International*, **57-07**, 3139A (#AAG9637491). Now at Virginia Tech, <mmeloy@vt.edu>.

Pijnenburg, H. M. (October, 1996). Psychodiagnostic decision-making within clinical conferences: Exploring a domain. University of Nijmegen, The Netherlands. Contact supervisor (Eric De Bruyn, <E.deBruyn@ped.kun.nl>) for current information.

Roe, Robert M. (December, 1996). The effect of irrelevant information in probabilistic tasks. University of Louisville. Now at Indiana University, <rmroe@indiana.edu>.

Rundall, Christine S. (1996). The effect of illness and treatment factors on medication compliance: A functional measurement analysis. California School of Professional Psychology, Los Angeles. Contact advisor (David J. Weiss, Cal State-LA, <dweiss@calstatela.edu>) for current information.

Wilkin, Noel E. (September, 1996). An empirical investigation of practical reasoning in the construction of beliefs regarding medication by arthritis patients. University of Maryland, Baltimore. (#9713944). Now at The University of Mississippi, <nwilkin@olemiss.edu>.

Wiseman, David. (1996). The effects of varied instructional sets upon gambling preferences. University of Iowa. Contact advisor (Irwin Levin, U of Iowa, <irwin-levin@uiowa.edu>) for current information.

Zeelenberg, Marcel. (October, 1996). On the importance of what might have been: Psychological perspectives on regret and decision making. Department of Social Psychology, University van Amsterdam, The Netherlands. Now at the Department of Marketing, Tilburg University, The Netherlands, <M.Zeelenberg@kub.nl>.

Zellermayer, Ofer. (December, 1996). The pain of paying. Carnegie Mellon University. Contact advisor (George Loewenstein, <g120@andrew.cmu.edu>) for current information.

Zimbelman, Mark F. (August, 1996). Assessing the risk of fraud in audit planning. University of Arizona. Now at University of Oklahoma, <zimb0848@msmailhub.oulan.ou.edu>.

1997

Blonk, A. M. (October, 1997). DYSLEXPART: The development and evaluation of an expert system for the diagnosis of reading and spelling problems. University of Nijmegen, The Netherlands. Contact advisor (John van den Bercken, <J.vandenBercken@ped.kun>) for current information.

Buchan, Nancy R. (December, 1997). Culture, fairness, and trust: Contrasting influences on negotiation behavior and outcomes in China, Korea, Japan, and the United States. University of Pennsylvania. Now at University of Wisconsin - Madison. <nbuchan@bus.wisc.edu>.

Drolet, Aimee. (June, 1997). Generic preferences. Stanford University. Now at UCLA, <aimee.drolet@anderson.ucla.edu>.

Gold, Eric. (January, 1997). The gambler's fallacy. Carnegie Mellon University. Contact advisor (Robyn M. Dawes, <rd1b@andrew.cmu.edu>) for current information.

Goldschmidt, Chanan. (June, 1997). Judgements of distributive justice in dividing property following divorce. Hebrew University. Contact advisor (Maya Bar-Hillel, <msmaya@math.huji.ac.il>) for current information.

Goldstein, Daniel G. (March, 1997). Models of bounded rationality for inference. University of Chicago. *Dissertation Abstracts International*, 58(01), 435B. (University Microfilms No. AAT 9720040). Now at Max Planck Institute, Berlin, <goldstein@mpib-berlin.mpg.de>.

Goodie, Adam S. (March 1997). Base-rate neglect under direct experience. University of California, San Diego. Now at University of Georgia, <goodie@egon.psy.uga.edu>.

Gorbatenko-Roth, Kristina. (1997). Assessing the importance of patients' preferences for domains of life functioning in health-related quality-of-life assessment. University of Iowa. Contact advisor (Irwin Levin, U of Iowa, <irwin-levin@uiowa.edu>) for current information.

Kray, Laura J. (1997). Weighting of attributes hypothesis: How perspective relates to preference shifts. University of Washington. (UMI #: 9816371). Now at Northwestern University, <lkray@nwu.edu>.

Laufer, F.N. (1997). Ensuring procedural justice in allocation decisions: The use of judgment analysis in policy formulation. University at Albany, State University of New York. (#9728783). Now at NYS Department of Health, <fnl01@health.state.ny.us>.

Pezzo, Mark V. (April, 1997). Removing the hindsight bias: A test of the motivated processing hypothesis. Ohio University. *Dissertation Abstracts International*, **57-10**, 6607B (#AAM9707706). Now at Wake Forest University, <pezzomv@wfu.edu>.

Schwartz, Alan Jeffrey. (1997). Expected feelings about risky options. University of California, Berkeley. Now at University of Illinois at Chicago, <alansz@uic.edu>.

1998

Ahn, Sowon. (August, 1998). Learning one's own preferences from experience. The University of Chicago. <sahn1@midway.uchicago.edu>, Contact advisor (William Goldstein, U Chi, <gold@midway.uchicago.edu>) for current information.

Bian, Wen-Qiang "Wayne". (Summer, 1998). Fairness perception in China (vs. North America) and cultural elements in decision making. University of California, Irvine, Graduate School of Management. Now at NetMoves Corporation, <bian@netmoves.com>.

Bruine de Bruin, Wandl. (December, 1998). People's understanding of probability: "It's a fifty-fifty chance." Carnegie Mellon University, Department of Social and Decision Sciences, <wandl+@andrew.cmu.edu>.

Byram, Stephanie J. (April, 1998). Breast cancer and mammogram screening: Mental models and quantitative assessments of beliefs. Carnegie Mellon University. Contact advisor (Baruch Fischhoff, <baruch@cmu.edu>) for current information.

Coughlan, Richard. (December, 1998). Predicting affective responses to unexpected outcomes. University of Arizona. Now at University of Richmond, <rcoughla@richmond.edu>.

Lerner, Jennifer. (May, 1998). Beyond Valence: Toward an emotion-specific framework for predicting the influence of dispositional affect on risk perception and risk preference. Department of Psychology, University of California at Berkeley. Now at Department of Social and Decision Sciences, Carnegie Mellon University. <jlerner@andrew.cmu.edu>.

Magro, Anne M. (January, 1998). Contextual effects in tax research: An experimental investigation of adaptivity and expert performance in an information-search task. The University of Illinois at Urbana-Champaign. Now at Rutgers University, <amagro@andromeda.rutgers.edu>.

Miller, Cathleen L. (September, 1998). Time pressure, accountability, and attitudes: Effects on auditor judgment. University of Kentucky. Now at University of Michigan - Flint, <catmillr@flint.umich.edu>.

Morgan, Pauline Margaret. (May, 1998). Negotiation: Individual and group cooperation in two paradigms. Loyola University Chicago. Now at <pmorgan@senet.com.au>.

Peters, Ellen. (December, 1998). The springs of action: Affective and analytical information processing in choice. University of Oregon. Now at Decision Research, <empeters@oregon.uoregon.edu>.

1999

Arslanian-Engoren, Cynthia. (1999). The triaging of men and women for coronary artery disease: Knowledge, experience, or bias. The University of Michigan, School of Nursing. Contact at <cmae@umich.edu>.

Bagai, Jeremy. (April, 1999). Hedonic value and choice. Psychology, University of Pennsylvania, Department of Psychology. Contact at <bagai@psych.upenn.edu>.

Goldberg, Julie. (July, 1999). Invulnerable to pleasure: Adolescents' and adults' perceptions of health-related behaviors. University of California, Berkeley. Now at the University of Illinois at Chicago. <julieg@socrates.berkeley.edu>.

Hale, William C. (April, 1999). Adding realism to commons dilemmas: Experiment with exhaustible resources and long-term uncertainty. University of Pennsylvania, Energy Management and Policy. Contact at <hale@dolphin.upenn.edu>.

Mantel, SP. & Kardes, FR. (1999). The role of direction of comparison, attribute-based processing, and attitude-based processing in consumer preference. *Journal of Consumer Research*, **25**, 335-352.

Pitts, Mitzi G. (April, 1999). The use of evaluative stopping rules in information requirements determination: An empirical investigation of systems analyst behavior. Department of Information Systems, University of Maryland, Baltimore. Now at the University of Memphis <mpitts@memphis.edu>.

Siepmann, Michael M. (April, 1999). Disbelieved beliefs: Subjective estimates of bias in probabilistic beliefs and their relations to desire. University of Pennsylvania, Department of Psychology. Contact at <siepman@psycn.upenn.edu>.

Weaver, Elise Axelrad. (1999). Reactance or impression management: The role of expert system versus human expert advice in the interpretation of resistance to policy persuasion. Duke University, Department of Psychology. Contact at <elise.weaver@duke.edu>.
